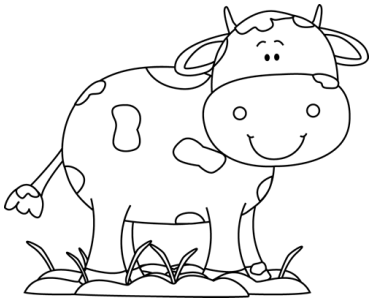
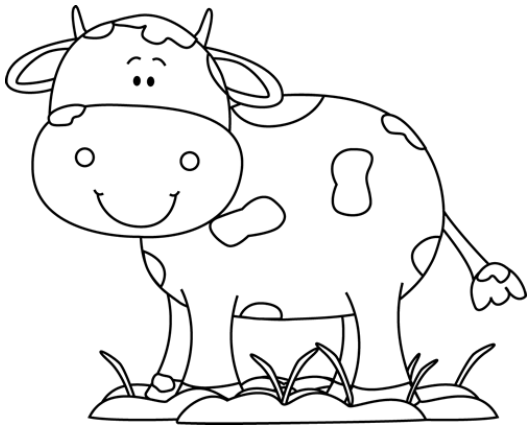
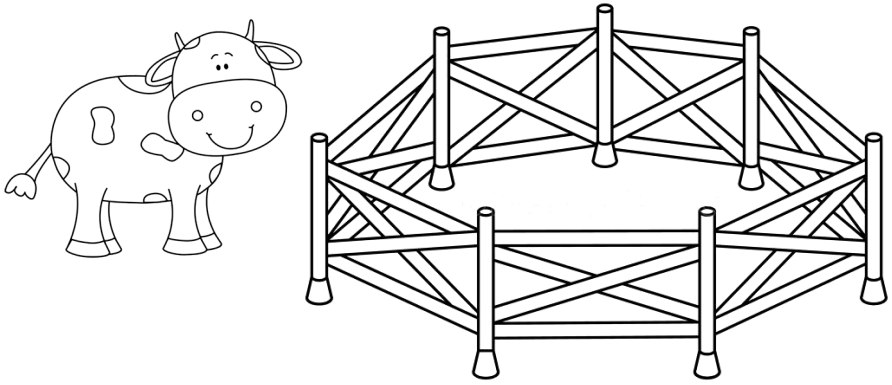
ALL ABOUT COWS

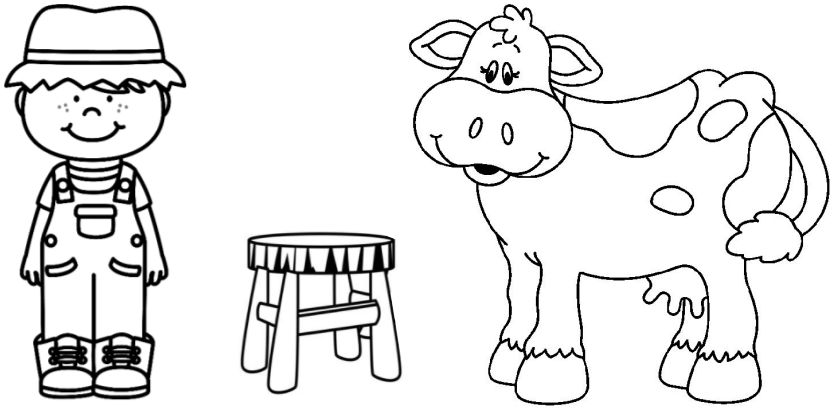




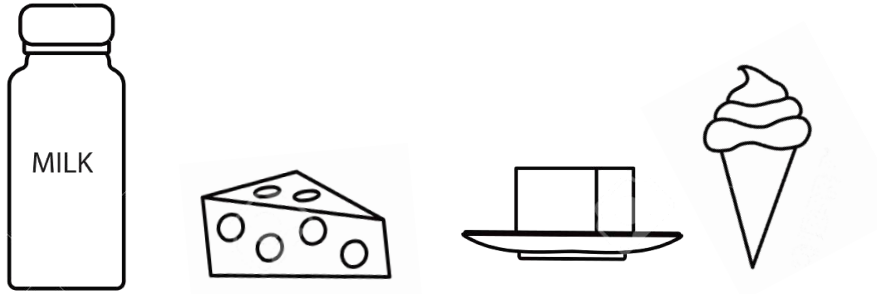
This is a cow. A cow is a mammal.
They eat grass.



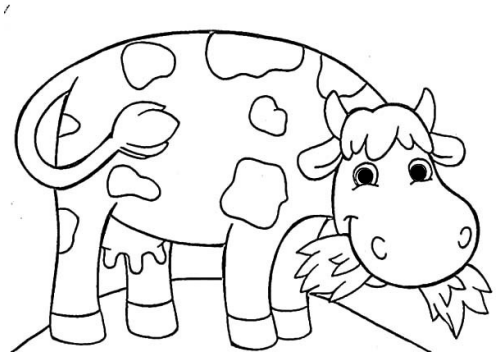
Cows can live on farms. They gives us milk and beef.



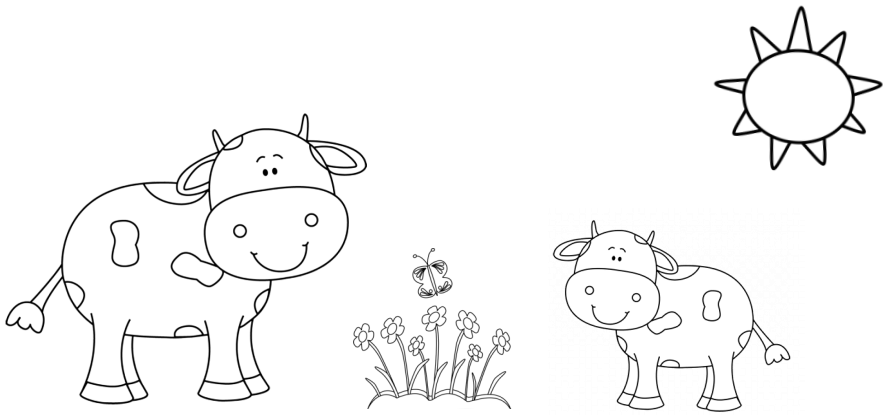
Farmers milk cows every day. The milk comes from their udders.



From a cow's milk we can make foods like cheese, ice cream and butter.



Cows have four stomachs. This helps them to digest or break down the grass they eat.



A baby cow is called a calf. Calves drink their mother's milk.
